## LITTLE JEWELS CHRISTIAN PRESCHOOL

*Little Jewels Christian Preschool*, a community outreach ministry of Full Gospel Ministries presents a preschool program with the purpose to create a Christian learning environment where the young child may experience spiritual, social, physical, intellectual and emotional growth.

Children excited about learning! The objective of *Little Jewels* is to provide an atmosphere in which your child's first school experience may produce a positive approach to education, laying the foundation of language and mathematical skills for future learning opportunities.

Students will be encouraged to grow and develop in these areas through activities designed to demonstrate creativity, discovery and self esteem. Through the utilization of sound curriculum, Little Jewels Christian Preschool presents a phonics based educational program. Progress reports are provided for each term. All students receive computer training, utilizing programs supporting curriculum objectives. Four and five year old students may enroll in private piano classes. 'Spanish for Fun' second language classes are also being offered to all four and five year olds.

Your child will also be challenged in social skills, learn the wonders of God's world, and experience the reality of God's love.

## PROGRAM OBJECTIVES

\*\*\*\*\*

### Intellectual

Prepare the child in the basic mathematics and language skills needed for success in the elementary school setting.

### Social

Encourage active participation in whole group and small group settings in the supportive and secure classroom environment.

### Verbal

Provide opportunities to successfully communicate with peers and adults and to develop effective listening skills.

### Physical

Develop large muscle control and small muscle control through captivating outdoor and indoor activities.

### Spiritual

Provide a curriculum and program recognizing and integrating the truths and character values of the Bible throughout.

## CLASS SCHEDULES
